

03 - Baby Face

*Jenny:*

You can't leave me like this, won't  
You listen to me?  
What does she have that I don't?  
Oh tell me Georgie

*George:*

She's got a nice  
Pair of electric eyes  
Shining their yellow lights  
Way up to paradise

*Jenny:*

Oh can't you see Georgie, she's got no heart and no soul?

*George:*

Oh won't you leave me, Jenny, you don't know her at all!  
Look at her baby face  
Smiling like nobody before in the human race  
Ever did to me and ever will  
And I want more,  
And I cry and my nails leave a scratch on your back door  
As I tumble over the spare wheel

*Jenny:*

Georgie, I will  
Paint myself in metallic green  
If you want me to  
I can roar like an engine  
If it excites you

*Georgie:*

Cool it down Jenny,  
Listen, you're not my type  
If only you could see  
Her small exhaust pipe

Voluptuously offered to my concupiscent eyes,  
Her iron body shining softly in the night  
Look at her baby face  
Smiling like nobody before in the human race  
Ever did to me and ever will  
And I want more,  
And I cry and my nails leave a scratch on your back door  
As I tumble over the spare wheel  
Oh how do you feel?  
Oh tell me baby face  
Smiling like nobody before in the human race  
Ever did to me and ever will  
And I want more,  
And I cry and my nails leave a scratch on your back door

As I tumble over the spare wheel  
Oh how do you feel?  
Oh tell me baby face...  
Oh human race...  
Ever did and ever will...
